## Children's Ministry Certificate Track

### Introduction:

The Children's Ministry Track is a program and series of courses under the Grace Church Emmaus School of Ministry. It has been designed to develop and equip helpers and leaders who are involved in the Children's Ministry (Power Kids, ages 0 – fifth grade).

To serve in the Elementary section of Children's Ministries at Grace Church, we ask that you fill out an application and attend a volunteer session facilitated by the Director of Children's Ministries. The training program will be explained to you at that time. Training is provided to all who serve so that our time invested with the children will be more rewarding. The training will prepare us to deal with the special challenges of each age group and will hopefully inspire us to take on responsibilities of leadership in the department. The following chart illustrates the training program.
