## *Student Ministries Certificate Track*

### **Introduction:**

The Student Ministries Track is a program and series of courses under the Grace Church Emmaus School of Ministry. It has been designed to develop and equip mentors and leaders who are involved in Student Ministries (sixth grade through twelve grade).

To serve in Student Ministries at Grace Church, we ask that you fill out an application and attend a volunteer session facilitated by the Pastor of Student Ministries. The training program will be explained. Training is provided to all who serve so that our time invested with students will be more rewarding. The training will prepare us to deal with the special challenges of youth ministry and will hopefully inspire us to take on responsibilities of leadership in the department. The following chart illustrates the training program.
